

Please type in your login and password or just press login without providing any data.

The image shows a 'Logging' window for GeParts. The window has a blue title bar and a logo for GeParts with the text 'CZĘŚCI MOTORYZACYJNE' and 'www.geparts.pl'. Below the logo, it says 'In order to use the application you have to log in'. There are two input fields: 'login:' and 'password:'. Below the password field is a checkbox labeled 'Remember me'. At the bottom are two buttons: 'Log in' and 'Cancel'.

Once logged in you will be asked to provide us with your company's data that should allow us in the future to identify your orders. If you do not wish to provide us with this information, just make a click on the Cancel button.

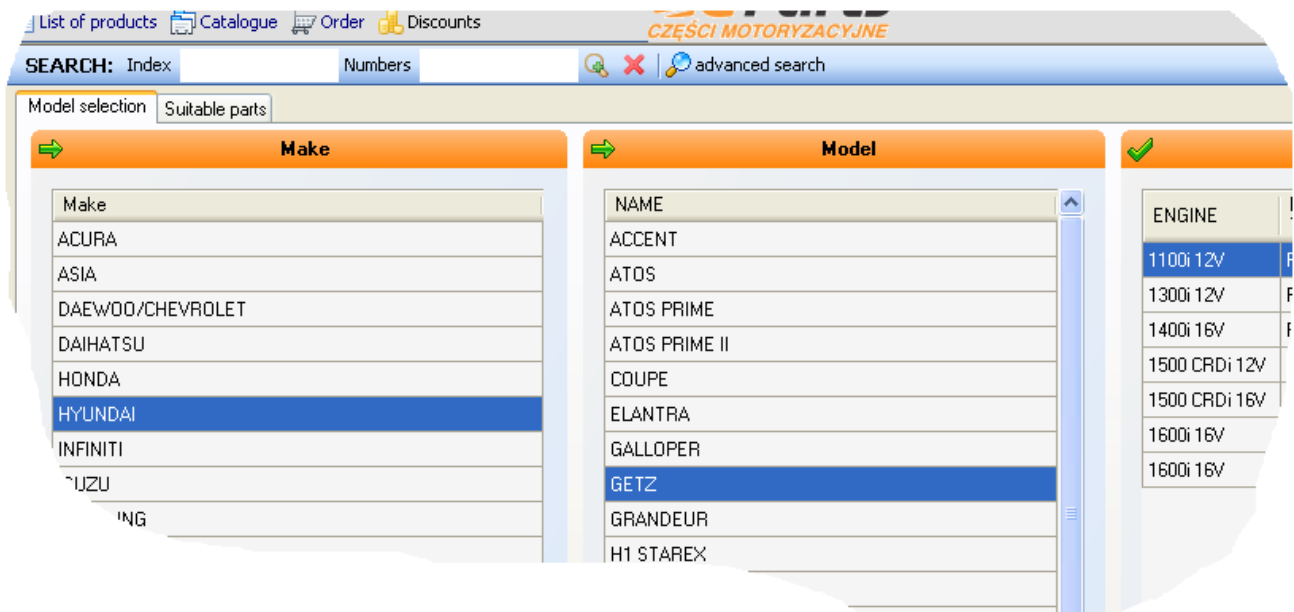

The image shows a 'User registration' window overlaid on a background application. The window has a blue title bar and a user icon. It contains several input fields for registration: 'Company's name', 'Name', 'Surname', 'Street', 'House number', 'Apartment number', 'Postal code', 'Town', 'Contact telephone', and 'E-mail'. Below the fields is a paragraph of text: 'The data introduced by you will be used for executing on-line orders. By filling in the form you agree to your data processing by GeParts for on - line ordering purposes. You can always update your personal data by choosing User data command in the Update section of the main menu.' At the bottom are two buttons: 'Save' (with a green checkmark icon) and 'Cancel' (with a red X icon).

Search

Parts search can be performed starting from car model. Upon selecting the model you may choose between its different modifications (engine, fuel type, VIN number, and so on).

Making a double click on the selected version of the car model on the right part of the screen allows us to switch to the product categories section of the programme.

Here you will find the parts that you are interested in (a fuel filter, for example).

Ordering

To order an item with the help of our electronic catalogue you will have first to find the part that you are interested in using one of the searching methods. When the item is identified it will be enough just to make a click on it with the right button of the mouse and press Add to order. Then please select the quantity that you are willing to order and press Save.

In the next window you may either close your current order and continue with your search for other items, export your order to file or send it to us via e-mail.

Stock availability update

Upon each and every start of the programme it will automatically download the latest stock availability file. But if you are already working with the programme for some time and want to know if the product that you are interested in is still available, you can always check its availability by clicking on the Check availability button on the right side of the screen.

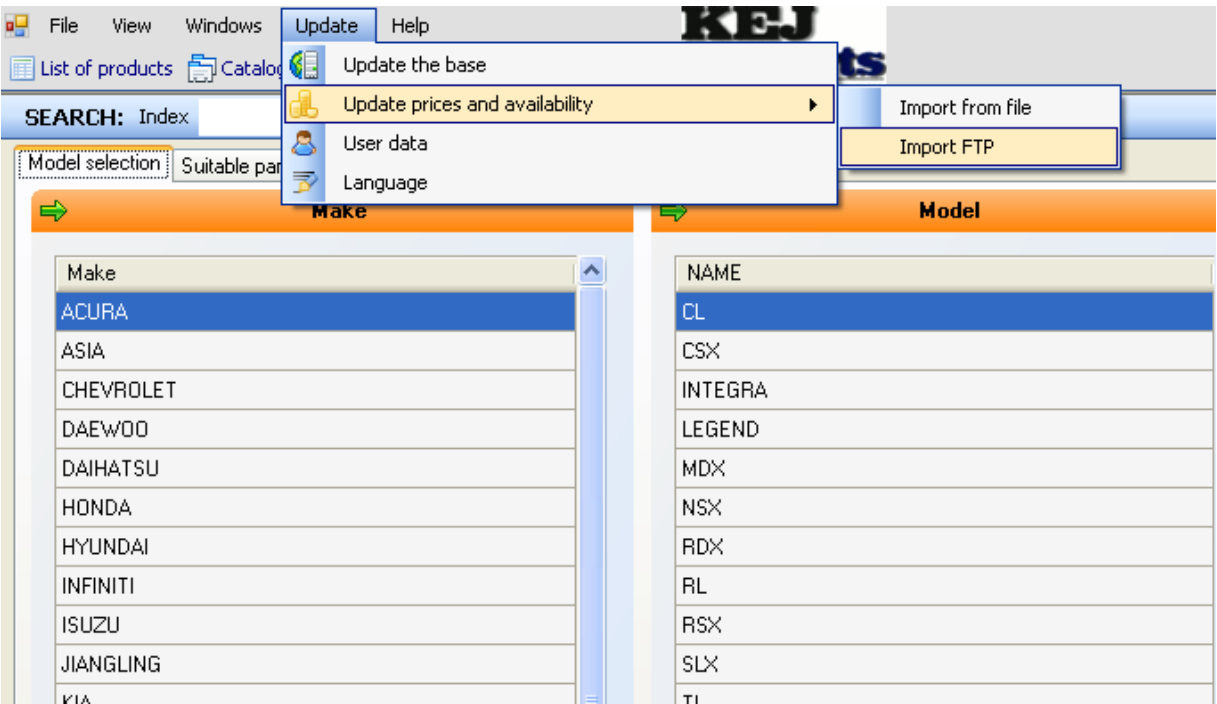

The screenshot displays a software window titled "Suitable Parts - KIA CEE'D 1400i 16V PETROL FF241 G4FAD0HC [2006-11] - [c]". The window has a dropdown menu set to "Net prices". Below the title bar is a table with the following data:

ex	NAME	APPLICATIONS	PRODUCER	AVAILABILITY	DISCOUNT_GROUP	PRICE_RETAIL	PRICE_WHOLESALE
0328KIA	Water pump		KIA	3	0Y000	188,52 zł	188,52 zł
0527HYU	Water pump gasket		OYODO	1	0Y000	9,84 zł	9,84 zł
0516HYU	Thermostat		HYUNDAI	0	0Y000	36,89 zł	36,89 zł

Below the table, there is a section with tabs "Data" and "Picture". The "Data" tab is active, showing fields for "name: Water pump", "code: 10C0328KIA", "producer: KIA", and "description:". To the right of the "Picture" tab, there is a button labeled "Check availability" which is circled in red. A "Message" dialog box is also visible, displaying "Current availability: 3" and an "OK" button.

Prices

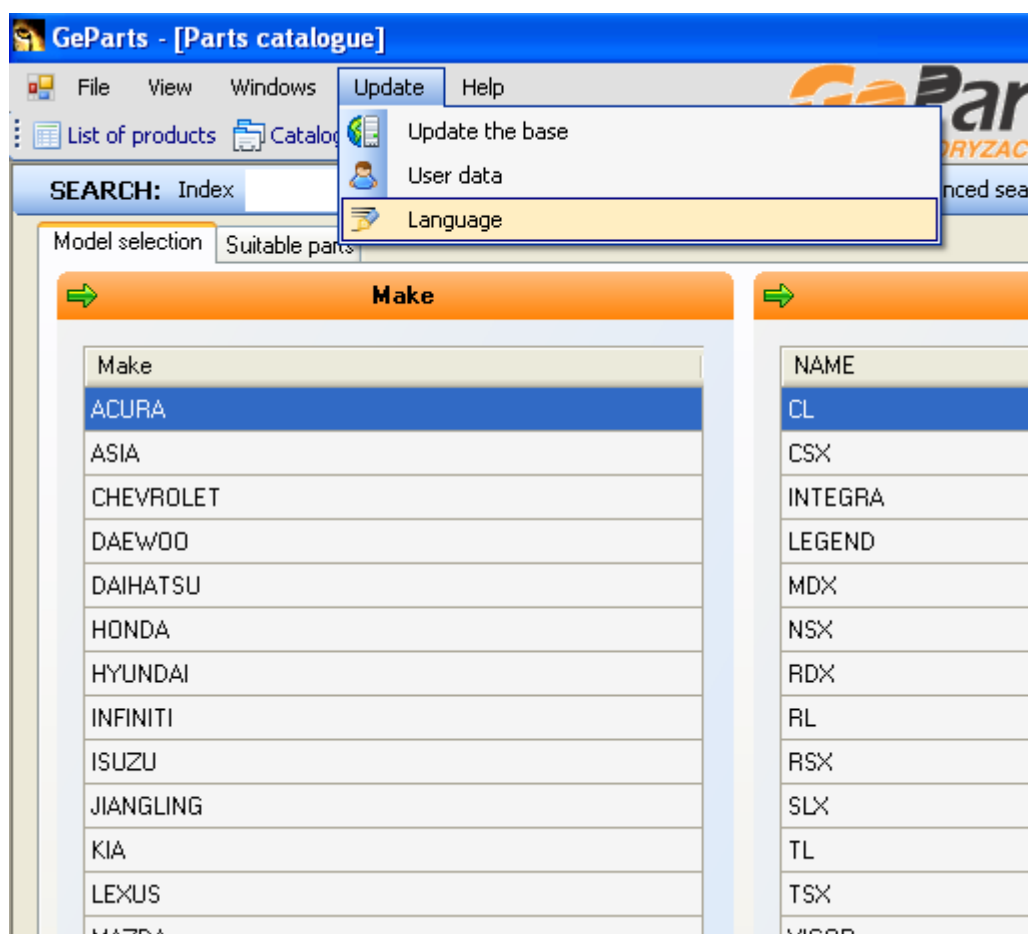

Registered users of our catalogue may download their purchasing prices. If you want to view your own purchasing prices please select Import FTP from the Update prices and availability command of the Update menu.

You may follow the download process in the progress bar in the bottom left corner of the screen.

Language version

This programme is available in 4 languages. You may select your language preferences by clicking on the Language command in the Update menu.

Then just select the language of your preference by clicking on the appropriate flag.
